FLOOR DEBATE

January 28, 2002 LB 371, 814

reasonable standard that would fit the circumstance and that is that you could get a deposit of up to the replacement cost of the keg mechanism. That provision came out of the General Affairs Committee. It is the provision that I would like to add to LB 814. With that, by the way, LB 371 would not be needed for this year and would not have to be brought up on consent calendar or discussed later in the session. So I would ask for the adoption of the amendment. Thank you, Senator Kristensen.

SPEAKER KRISTENSEN: Debate on the amendment, Senator Janssen.

SENATOR JANSSEN: Thank you, Mr. Speaker, members of the body. The amendment that Senator Landis is bringing to you was probably the least controversial part of that bill. They have...the people who brought the bill to us were trying to move some of their craft breweries around in the...within the city. That was the controversial part. The other part was not controversial, and I rise in support of Senator Landis' amendment.

SPEAKER KRISTENSEN: Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature, I'm going to support Senator Landis' amendment also, and I am glad he did not bring this on consent calendar. Because by his being savvy and cagey in this manner, I don't have to oppose it. So I do intend to vote for it here.

SPEAKER KRISTENSEN: Senator Landis, you're recognized to close.

SENATOR LANDIS: Thank you, Mr. Speaker. I ask for the adoption of the amendment.

SPEAKER KRISTENSEN: You've heard the closing. The question before the body is the adoption of the Landis amendment to LB 814. All those in favor vote aye; all those opposed vote nay. Record.

CLERK: 33 ayes, 0 nays, Mr. President, on the adoption of Senator Landis' amendment.
